Presents

## Environmental Remediation What you need to know!

**Course Description:** *Legal requirements and technical aspects of environmental investigation and cleanups of commercial, industrial and residential properties in Hudson County. It will present information on the Licensed Site Remediation Professional (LSRP) program, which was created by the New Jersey Site Remediation Reform Act of 2009. With limited exceptions, all environmental investigation and remediation must be supervised by a LSRP who is retained by a private party and has authority to approve cleanups on behalf of the State. Topics will include environmental due diligence, innocent owner protection, underground storage tanks, reporting obligations, deed notices, historic fill, financial assurance posting requirements, lender financing requirements, and time for audience Q&A.*
